Pioneer HD1BT

We advice to use the following positions.
Other positions are also possible.

Use position 1 marked with a cross.
Use position 14 & 16 marked with an arrow.
Measured from left to right.

Pioneer Avic D3

We advice to use the following positions.
Other positions are also possible.

Use position 1 marked with a cross.
Use position 11 & 13 marked with an arrow.
Measured from left to right.

* Mount the plates.

1

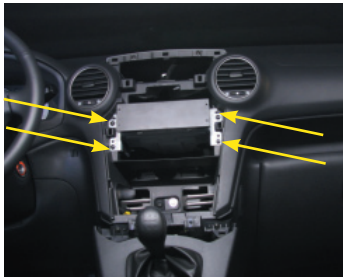

Remove the plastic panel at the location of the arrows.

2

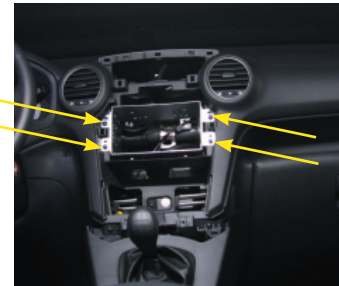

Remove the panel around the gear lever. Remove the two screws and remove the original dashboard by using a plastic wedge.

3

Remove the original radio bracket.

4

Place the 2-Din metal bracket and tighten the bracket by four screws.

5

Place the headunit and replace the panels.

Connect all of the needed wiring harnesses and check the connections carefully.
