Installation Manual Double DIN Kit 281294-06

1. Remove the side panels at the left and right side of the dashboard

2. Remove the four screws beside the OEM head unit.

3. Remove the OEM head unit (which is still mounted to the metal cage)

4. Remove the metal frame from the OEM head unit
Mount the metal frame to the Pioneer Navigation

5. Mount the new fascia plate to the Pioneer Navigation.
Connect all required circuit points and place the fascia plate (with the Pioneer Navigation) on the dashboard
Fix it with the four original screws

Reinstall everything in reverse order

All installation work must be performed by a qualified professional installer only. The manufacturer / dealer is not liable for any kind of incidental or indirect damages.
