## Installation Manual Double DIN Kit 381275-04

1. Remove the panel under the climate control panel.

2. Remove the original bracket, which is fixed by four screws at the location of the arrows.

3. Place the new fascia plate on the dashboard and fix it with the four screws.

Push the metal frame into the fascia plate.

Connect all required wires and push the Pioneer Navigation into the metal frame until it snaps in.

Reinstall everything in reverse order to finish installation.

Mount the metal brackets to the double DIN head unit.

*The position of the copper coloured holder can be adjusted to your needs for perfect fit. (see sample)*

*All installation work must be performed by a qualified professional installer only.  
The manufacturer / dealer is not liable for any kind of incidental or indirect damages.*
