Installation Manual Double DIN Kit 381320-19 / 391320-19

1. Positions of the radio release keys. Clip out the „PASSENGER AIRBAG OFF“ control light

2. Put four radio release keys in the appropriate slots of the OEM head unit.

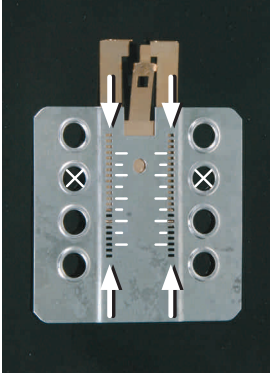

3. Remove the OEM head unit by pulling it towards your direction.

(sample photo)

Mount the metal brackets to the double DIN head unit.

(sample photo)

The position of the copper coloured holder can be adjusted to your needs for perfect fit. (see sample)

5. Push the Metal Frame into the fascia plate, place both into the dashboard.

Connect all required circuit points and push the double DIN head unit in the metal frame until it snaps in. Fix the fascia plate with the original screws, place the trim frame.

Reinstall everything in reverse order to finish installation.
