INSTALLATION MANUAL

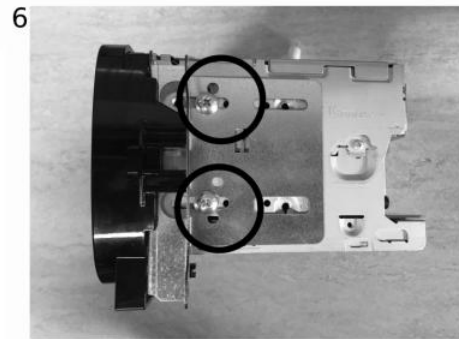

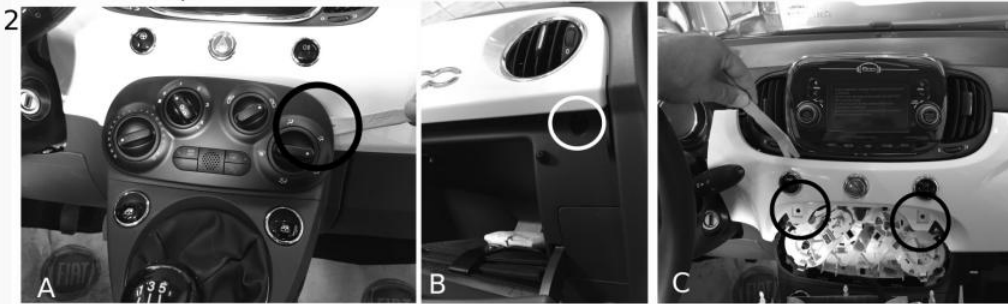

1 This is how the original dashboard looks like.

5 Fix the supplied brackets on the supplied fascia plate as shown in the picture.

2 Remove and save the original plastic part as shown in the picture A. Remove and save the screws shown in the pictures B and C. Remove and save the original plastic part as shown in the picture C.

6 Take the new head-unit and fix the fascia plate with the brackets as shown.

3 Unscrew, remove and save the dashboard air-vents as shown in the picture.

7 7 Insert the head-unit in the radio tunnel and put back in place the air-vents and the two plastic parts which were previously removed.

4 Unscrew and remove the head-unit from the dashboard and save the screws.

Shorten of 7 mm the four plastic flaps, circled in the picture, at the bottom of the radio tunnel.

8 This is the final result.
