WOOFER

28W/4878T01

The 28W/4878T01 is a very powerful 28cm woofer, with its large 3" voice coil, long linear excursion and low resonance frequency is it perfect to reproduce the bass frequencies. It features a paper-sandwich cone with very high stiffness and relative low weight. The motor system has heavy duty copper sleeves for optimizing eddy currents and minimizing self-induction.

KEY FEATURES:

- Paper Sandwich cone
- Spider with balanced tinsel leads
- 3" Voice coil, Titanium former, paper reinforced
- Patented Symmetrical Drive motor
- Long linear excursion
- Stiff and strong die cast aluminium chassis
