

# MAESTRO 2.0

## DESCRIPTION

MAESTRO 2.0 is a revolutionary and complete appliance that, in few easy operations, allows you to connect, to aftermarket and to OEM car radios, three different and selectable devices such as: Apple iPod player/iPhone, USB pen and auxiliary audio input.

MAESTRO 2.0 is compatible with iPod, iPhone, iPad and with any USB pen or Hard disk.

Furthermore, on the Aux in input, it is possible to connect audio sources like: Mp3 player, Dvd player, portable navigation systems, etc.

Devices functions can be directly controlled by the remote control (optional) or by steering wheel commands, where provided, both on resistive and Canbus cars.

This is a really exclusive characteristic for a universal product.

MAESTRO 2.0 is able to transfer all iPod or USB pen text data and menu data, to the radio display thanks to RDS protocol. In this way, source name, folder name and song title can be directly read on the Radio display.

Each source can be managed by the car original steering wheel commands.

Interface menu, if selected, can be visualized on the radio display and at the same time they can be heard from the speakers through a speech synthesis.

MAESTRO 2.0 has an audio quality comparable to the CD audio one!

# MAESTRO 2.0

**PLUG YOUR USB, IPOD, IPHONE, IPAD  
DIRECTLY INTO MAESTRO 2.0 USB PORT!**

## TECHNICAL CHARACTERISTICS

### MULTIMEDIA

- USB
- iPod
- Aux-in Input

### SUPPORTED AUDIO FORMATS

- Mp3
- **AAC**
- **WMA**

### FM MODULATION

- FM stereo modulation in to 8 information selectable frequencies with RDS information
- Pre-Amplified Audio Output

### STEERING WHEEL COMMANDS ANTENNA PROTOCOLS

- Canbus
- **Gmlan**
- Resistive learning system

### DISPLAY INFORMATION

- MP3/AAC/WMA TAG ID3v2
- Title and Artist iPod
- RDS (Radio Data System)
- Menu data viewed on the radio display
- **RDS Text: Visualization of 64 characters**

### UPGRADE

- Upgradeable through the USB port

### VOCAL INFORMATION

- Voice based information system for driver safety
- Menu, setup, events information
- User friendly menu

### REMOTE

- **Optional Wireless remote**

Made for

iPod

iPhone

iPad

**BATTERY CHARGING FOR ALL  
THESE APPLE DEVICES**
