

RELAX

CR25S

10" sealed active compact enclosure

Driven by passion.

The CR25S is a powerful, compact 10" active subwoofer designed to significantly improve the bass performance of your audio system. Delivering up to 600W max power (300W RMS), with high-level inputs, this subwoofer is compatible with most original equipment car stereos. This subwoofer is ideal for those looking to enhance their music experience with deep, impactful bass, while preserving space in their vehicle. The sealed enclosure ensures tight bass, and the included remote control allows for convenient volume adjustments. It comes with 4 feet to put it in the down firing position.

BLAM wishes you many hours of listening enjoyment !
